SAY HELLO TO WARNEMUNDE, GERMANY

Being a center of maritime traffic, the district of Warnemünde comprises numerous navigational aids, the oldest being the lighthouse, built in 1897 and still currently in use. In the summer, the tower, approximately 37 meters (121 ft) high, allows visitors to enjoy an impressive view over the Baltic Sea and the northern districts of Rostock. Warnemünde's other famous landmarks include the nearby Teepott (Teapot in German) with its Hyparschale-curved roof. The Teepott is an interesting living example of East German architecture. Built in Bauhausstyle and opened for the first time in 1926, it burned down at the end of WWII and was rebuilt in the 1960s with a curved roof and renovated in 2002. Today it houses various restaurants.

TIP OF THE DAY: Please set your clocks forward one hour before retiring this Tuesday evening.
