WELCOME TO COZUMEL
Wednesday, January 22, 2020

*"Like a look made and sound,
dressed in the sea of Cozumel,
with the color of the sun
throughout the body. This is how
Mexico gets under your skin."*

Luis Miguel

Nautical information

At about 6:00am we will enter the strait that separates Cozumel Island from the Yucatan Peninsula, which is characterized throughout the year by an intense current which flows to the North. After about an hour we will embark the port pilot who will assist us in maneuvering to dock. The ship will be moored on the quay of Punta Langosta located near the major city: San Miguel de Cozumel. Once we have released the mooring lines and disembarked the port pilot, navigation will continue with our course set North East for the rest of the evening, sailing in the Yucatan Channel towards Ocean Cay.

CUSTOMS AND AGRICULTURE REGULATIONS

Please note that, due to Agricultural regulations and strict requirements of the local Authorities, it is prohibited to take ashore any kind of food, plants, seeds or shells and commercial merchandise: heavy penalties will apply to guests found with these prohibited items.

Getting off the ship

Please note that upon arrival in Cozumel, disembarkation will not commence until we receive permission from the local authorities. **Please remember to carry a government issued photo ID/ Passport** with you and to show your Cruise Card at the gangway exit and entry when you return. Minors may only go ashore if accompanied by their parents, guardian or responsible adult.

Distance from Cozumel to Ocean Cay : 534 nautical miles.

DISCOVER COZUMEL!

Visit Mayan ruins

Cozumel is located in the Caribbean Sea, nearly 70 kilometers South of Cancún City in the state of Quintana Roo. It is known to be one of the biggest islands in Mexico, (population 65,000), and is also one of the most picturesque and sophisticated because of its nice weather and beautiful coastline. It is also a favorite spot for sun, sea and nature lovers everywhere. Once inhabited by the Mayans, the island has been conquered by different civilizations a few decades ago, and it was still unknown to tourism. Now every year, thousands of people visit and enjoy Cozumel. Thanks to its beautiful sea floors, abundant coral reefs and the variety of its colorful fish, this exotic destination is also loved by divers of all levels. The currency is the Mexican Peso.

Interesting facts about Cozumel:

The name Cozumel was derived from the Mayan "Cuzamil" or "Ah Cuzamil Peten" in full, which means "the island of swallows". The highest natural point on the island is less than 15 m (49 ft) above sea level.
